## Merchants' Exposition and Auto Show

GREAT SUCCESS. FINE EX-  
HIBITS; BIG CROWDS

The Merchants' Exposition and Auto Show, which has been in progress the past week, has proven beyond a doubt that Hondo can do big things when handled right, and from every point of view the Exposition and Auto Show has been the greatest success of anything ever attempted in Hondo. Country people from miles away attended every night.

The business people who were exhibitors were liberal in their prizes and everything was ably done in a pleasing manner that will be remembered for months to come. The only regret is that the building was not large enough to accommodate the hundreds of people wanting to attend.

The big event of the show was the baby show Wednesday night, which brought out a big crowd of society folks to see the future Queen of Hondo. The lucky baby was Charlotte Bertha Miller, the 11-months-old daughter of Mr. and Mrs. O. H. Miller, who was the winner of a gold necklace. The winner was presented to the audience from the stage and received a round of applause.

The Exposition was under the auspices of the Mothers' Club, which worked very hard to help make this a big success. The members are jubilant over the results and the Club realized a neat sum of money.

In the baking contest Thursday night there were about 25 cakes and a dozen or more loaves of bread entered. Mrs. Frank Schweers took the prize for loaf cake and Miss Johanna Rothe for layer cake, while Mrs. W. F. Wanshaw won the prize for the best loaf of bread. The prizes were beautiful bon bon dishes of cut glass.

The entire show was under the direction of W. J. Wile, who has managed exhibitions of this kind throughout Texas, including Houston, Austin, San Antonio, Waco and other places. Mr. Wile keeps his audience in a happy mood with his witty remarks and deserves great credit for the success of the Exposition.

Nearly everybody in Hondo and Medina County has seen the show and all are loud in their praise of the manner in which the whole affair was conducted, and there is talk of holding another show next year that will be even greater and grander and it is hoped that larger quarters can be secured.

The booths were artistically decorated and with the beautiful exhibits afforded a pleasing spectacle.

Henry Wile on his trap drum and Miss Dorothy Harris on the piano rendered good music.

J. Lester Lawrence has been entertaining the throngs who have attended the exposition this week with the latest popular song hits and has had to respond to many encores nightly.

### Sturdivant-Elder

Miss Lois Elder and Rob Roy Sturdivant, both young people of this city, sprang quite a surprise on their many friends when news of their marriage was learned Tuesday morning. Dr. T. F. Session, presiding elder of this district, read the wedding ceremony that united them in marriage Monday evening at 8 o'clock, at the Methodist church, in the presence of only a few relatives and friends.

The bride is the only daughter of Mr. and Mrs. G. T. Elder and has made this city her home with her parents, only a short three years, coming here from Hondo. In this short length of time she has endeared herself to the many friends she has made here and is a young lady whom to know is to admire.

The groom, the eldest son of Mrs. A. L. Sturdivant, is a Beeville reared young man. For the past several years he has been in the employ of the S. A. & A. P. R. R., in the capacity of shipping clerk, having risen from a minor position to that of clerk, the company recognizing his ability as an employee and advancing him in position from the start.

Mr. and Mrs. Sturdivant are light housekeeping at the residence of Mr. and Mrs. Dolph Quinn, where they are at home to their many friends.—Beeville Bee, July 6th.

### Thirty Years Old.

With the last issue of this paper it completed its thirtieth year of existence and with this issue begins Volume XXXI. For more than sixteen of these years it has been under the present management; and we have seen it grow from a seven-column half-patent folio, living in a rented shack, printed on a Washington hand-press, and with a circulation of a little more than two hundred to an all home printed six quarto sheet, domiciled in its own home, equipped with a fair news and job power plant and with a circulation of nearly fourteen hundred. From a paper that was not even self-sustaining it has grown to a business upon which seventeen people are dependent for a livelihood.

These achievements have been made in the face of many difficulties, not all of which are yet passed. Our patronage is reasonably fair at the present time, although some work goes elsewhere that rightfully belongs to the men who are earning their livelihood here and spend their money among people who send it away for work that could and would be done as well and at as reasonable prices here as elsewhere, and we would be fairly prosperous were it not for the enormous prices we have to pay for the material we use.

The advance in the cost of paper and printing material has caused many papers to increase the price of subscription or reduce the size of the paper. The Anvil Herald has done neither, but still greets its readers the same size and at the same old price. And considering the increase in circulation our advertising rates are really less than they have ever been. Whether we can continue to do this remains to be seen. We hope we can. If our subscribers will pay up promptly and the business public buy our advertising space up to the limit we hope to do so.

With confidence in the people's continued support we begin the new volume with the determination to continue our efforts to give you the very best paper and job printing service that lies within our power.

## CHARITIES GET AXE

Compelled To Dispense With  
Health Officer, City Physi-  
cian, Milk Inspector, and  
Other Needed Requirements  
—Police and Lighting Sys-  
tem Badly Crippled

Birmingham, Alabama, has put on a hair shirt and is waiting under a self-inflicted cat-o-nine-tails, says The Survey in an article which goes on to describe conditions in this metropolis of prohibition Alabama as follows:

This city of 150,000 people has discontinued its street sprinkling and garbage collection. It has dispensed with its health officer, city physician and milk inspector, extinguished half the city lights, cut the school session from nine to seven months, and reduced by 10 per cent all teachers' salaries over \$75 a month. It has withdrawn all appropriation to its library. It has dismissed a third of its police force and put the remainder on a twelve-hour shift. It has closed several fire stations. It has abolished its recreation department, with playgrounds and indoor gymnasium.

### Hospital Appropriations Stopped.

It has stopped every cent of its appropriations to hospitals, children's homes, and all charities. It has cut the appropriations for parks over two-thirds and hereafter the assistant engineer will take the place of all foremen. It has reduced its building, plumbing and electrical inspection forces. It has curtailed its zoo, keeping only the fowls, because they are inexpensive to maintain. It has done away with its bureau of weights and measures. It has abolished its welfare department.

To all these activities and others it has applied the axe because it had no money to pay for them. The taxing power of cities in Alabama is regulated by the state constitution. Legislative enactment is therefore necessary to make any change in taxes and the legislature meets only once in four years. Birmingham has grown rapidly and for years has been running heavily into debt. An effort to get relief from the 1911 session of the legislature was fruitless, and the city awakened recently to the realization that it was spending something like \$1,000 a day more than it had to spend. "Occupational" taxes, privilege taxes, and other methods of "robbing the merchants," helped little.

### Charities Get the Axe.

With many expressions of sorrow, therefore, the City Fathers decided that they would have only as much government as they could pay for. They have insisted that every blow of the axe was directed by their wisest judgment. The government of Birmingham today is but a skeleton,—with many bones missing. Most of the things that made its progressive citizens proud are now memories. The recreation department was several years in being built to its late efficiency. Twenty thousand dollars has been withdrawn from institutional charities. The agencies for children have depended to a large extent on city money. The anti-tuberculosis campaign will suffer a reduction of \$3,800.

Altogether, the cuts total \$340,000. It costs Birmingham \$1,228,629 a year to operate, and only \$896,556 is available for the coming twelve months.

## SMUGGLE LIQUOR UNDER DRESSES

The troubles of West Virginia in trying to enforce prohibition is thus told in a dispatch from Cumberland (Md) to The Cincinnati Enquirer.

West Virginia officers raided a Western Maryland train out of Cumberland late one night recently, arresting a party of men and women and confiscating 140 pints of liquor.

Mrs. Teresa Dominick had 19 pints in pockets in a cartridge-like belt concealed under her clothing. Anna Daue-ria had 14 pints, 9 on her breast; Jennie Furro had 11 pints, while two girls, 7 and 8 years old, respectively, had 12 pints concealed in belts under their clothing, the officers said.

Two of three men in the party escaped by jumping through the car windows, taking sash and glass. The other man, James Ray, and the women were held for court on charges of violation of the prohibition law. Under injunction of the court liquor cannot be carried on trains entering West Virginia.

The party was enroute to Thomas, West Virginia.

## Why Women Suffer.

Many Hondo Women are Learning the Cause.  
Women often suffer, not knowing the cause.  
Backache, headache, dizziness, nervousness.  
Irregular urinary passages weakness, languor—  
Each a torture of itself.  
Together hint at weakened kidneys. Strike at the root—get to the cause. No other remedy more highly endorsed than Doan's Kidney Pills.  
Recommended by thousands—  
Endorsed at home.  
Here's convincing evidence from a Hondo woman.  
Mrs. Jack Droitcourt, Hondo, says: "A severe attack of backache kept me in the house for two weeks. My back was a solid pain, scarcely letting up night or day. I felt miserable and wasn't able to attend to my housework. Two boxes of Doan's Kidney Pills, which I got at Windrow's Drug Store, took the pains out of my back and completely cured me of the trouble. Three years have passed and it hasn't returned."  
Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mrs. Droitcourt. Foster-Milburn Co., Props., Buffalo, N. Y.

### Just the Thing for Diarrhoea.

"About two years ago I had a severe attack of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Many druggists recommend this remedy because they know it is reliable. Obtainable everywhere.

Charity is but one of the many things that should begin at home.

### Liver Trouble.

"I am bothered with liver trouble about twice a year," writes Joe Dingman, Webster City, Iowa. "I have pains in my side and back and an awful soreness in my stomach. I heard of Chamberlain's Tablets and tried them. By the time I had used a half bottle of them I was feeling fine and had no signs of pain." Obtainable everywhere.

A clever politician is one who is able to cover up his tracks.

### The Best Laxative.

To keep the bowels regular the best laxative is outdoor exercise. Drink a full glass of water half an hour before breakfast and eat an abundance of fruit and vegetables, also establish a regular habit and be sure your bowels move once a day. When a medicine is needed take Chamberlain's Tablets. They are pleasant to take and mild and gentle in effect. Obtainable everywhere.

No man can win success unless he is in love with his work.

### Granulated Sore Eyes Cured.

"For twenty years I suffered from a bad case of granulated sore eyes," says Martin Boyd of Henrietta, Ky. "In February, 1903, a gentleman asked me to try Chamberlain's Salve. I bought one box and used about two-thirds of it and my eyes have not given any trouble since." This salve is for sale by all druggists.

A good resolution is good only as long as it sticks.

In every home where there is a baby there should also be a bottle of McGee's Baby Elixir. It may be needed at any time to correct sour stomach, wind colic, diarrhoea or summer complaint. It is a wholesome remedy, contains no opium, morphine or injurious drug of any kind. Price 25c and 50c per bottle. Sold by W. H. Windrow.

Surely a real estate man should know a good "lot."

If your child is pale and sickly, picks at the nose, starts in the sleep and grinds the teeth while sleeping it's a sure sign of worms. A remedy for these parasites will be found in White's Cream Vermifuge. It not only clears out the worms, but it restores health and cheerfulness. Price 25c and 50c per bottle. Sold by W. H. Windrow.

Our ideals are our better selves.—A. B. Alcott.

If you sit in a cool draft when heated and get a stiff neck or lame back, you will be looking for something that will ease the pain. Fix your mind on Ballard's Snow Liniment and don't be talked out of it, because it is the best pain relieving liniment you can get anywhere. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. THE BETTER THE HOPS  
THE BETTER THE BEER FLAVOR

ANHEUSER-BUSCH have by many thou-  
sands of pounds more Saazer Hops in  
their giant storage houses than has any  
other brewery in Europe or America. Before the  
war our President, while abroad on his annual  
hop-buying pilgrimage, bought 775,000 pounds (550  
bales) of Bohemia's very finest Saazer Hops. To  
this add the 500,000 pounds we had on hand, and  
you will see that we can guarantee our millions

To the Club Girls.

AUSTIN, TEXAS, July 27, 1916.

DEAR CLUB GIRLS:

I wish I could see all the girls who  
remained at home the past week and  
tell them of the good times that we  
had at the recent convention just closed.  
I think it would be nice if every  
club would get the club picture and  
keep it in your club rooms that you  
may show the other club girls what a  
nice delegation we had in Austin. Any  
of the visiting girls to Austin can get  
the club picture of the general assem-  
bly for 75c, and of the group pictures,  
unmounted, for 50c, or mounted, 75c,  
from Elliotts, the photographer, Aus-  
tin, Texas. A number of the counties  
had their pictures taken and they are  
very pretty indeed.

I think it was one of the greatest  
conventions that I have ever attended.  
I was so glad to welcome the old club  
girls and receive the new club girls  
and I hope every club girl who was  
here had the pleasure of enlarging her  
acquaintance with the other girls of  
Texas.

Now, girls, the vacation days have  
come for those who have been at work  
all the summer. Yours began early.  
My vacation and that of Mrs. Wyatt  
will be enjoyed some time in August,  
and, as I will be in California, and  
Mrs. Wyatt in New York, we will ask  
you to go right on with your work just  
the same as if we were here to write  
to you and to receive your letters.  
See how much you can put up for the  
fairs and your home consumption.  
There are going to be many prizes offered  
for the girls exhibits at the fairs this  
year. To the girls of the Waco sec-  
tion see how much you can do for the  
Cotton Palace exhibits. To the girls  
of South Texas I wish you to work for  
the Corpus Christi Gulf Coast Expon-  
sition. Let us have good exhibits this  
year. I will send your fruit home as  
carefully as I can. Please write your  
name and paste it on the bottom of  
any jar that you expect to send to the  
fairs.

I wish the girls who had the pleasure  
of hearing the silk worm industry lec-  
ture would tell the other girls about it  
and agitate the silk worm culture in  
your communities. I am going to give  
you a course of study along the lines  
of this study this fall in connection  
with a good full course on shelter and  
clothing. Every club could have a  
good silk worm industry. Plant the  
white mulberry trees at once as that is  
all you need for the food. To those  
who have this variety of trees take  
care of them and let's get real busy.  
Just think of what a lovely course of  
work for the fall together with our  
school savings banks work! These  
things will interest the boys as well as  
the girls I am sure.

Now for fear I will make my letter  
too long for the kind editor of your  
paper I will close. I will write you  
from California. I am to be on a pro-  
gram at the Boys and Girls Indian  
School. I will tell you everything  
that we see that will be of interest to  
you.

Now with lots of love to you and the  
dear chaperones who came with you  
and the dear girls who remained at  
home, I am,

Cordially,

MRS. J. L. LANDRUM.

### In Loving Remembrance of Little Alice Schulte.

Little Alice, daughter of Mr. and  
Mrs. Frank Schulte, died July 16, 5:30  
p. m., and was laid to rest July 17,  
1916, in Quin's new cemetery.

Little Alice was 7 months and 10  
days old at the time of her death.

We had a little treasure once,  
She was our joy and pride,  
We loved her, ah! perhaps too well,  
For soon she slept and died.  
All is dark within our dwelling,  
Lonely are our hearts today,  
For the one we loved dearly  
Has forever passed away.

The little crib is empty now,  
The little clothes laid by,  
A mother's hope, and father's joy  
In death's cold arms doth lie.  
Go little pilgrim to thy home,  
On yonder blissful shore,  
We miss thee here  
But soon we'll come  
Where thou hast gone before.

Beyond the doubts, and hopes and fears,  
Beyond the cares, and joys, and tears,  
Beyond the smiling and the weeping,  
Beyond the waking and the sleeping,  
Our loved one, rest in slumber deep,  
In silent and eternal sleep.

By her aunt,

HERMINA.

### Cure for Cholera Morbus.

"When our little boy, now seven  
years old, was a baby he was cured of  
cholera morbus by Chamberlain's Colic,  
Cholera and Diarrhoea Remedy,"  
writes Mrs. Sidney Simmons, Fair  
Haven, N. Y. "Since then other  
members of my family have used this  
valuable medicine for colic and bowel  
trouble with good satisfaction and I  
gladly endorse it as a remedy of excep-  
tional merit." Obtainable everywhere.

Don't slow down on the road to suc-  
cess and wait for the other fellow to  
get ahead.

## HAVE YOU BEEN SICK?

Then you realize the utter weakness  
that robs ambition, destroys appetite,  
and makes work a burden.

To restore that strength and stamina that  
is so essential, nothing has ever equalled  
or compared with Scott's Emulsion, be-  
cause its strength-sustaining nourish-  
ment invigorates the blood to distribute  
energy throughout the body while its tonic  
value sharpens the appetite and restores  
health in a natural, permanent way.

If you are run down, tired, nervous,  
overworked or lack strength, get Scott's  
Emulsion to-day. It is free from alcohol.

## EFFECTS OF PROHIBITION.

The effect of prohibition on the eco-  
nomic situation in the states which are  
under that system has been a matter  
of debate and of honest difference of  
opinion for many years. The state  
usually selected by the advocates of  
prohibition is Kansas, and but rarely  
have the claims of North Carolina been  
put forth. Commenting recently upon  
the situation in that state, the Bidde-  
ford, Me., Record says:

"North Carolina shows an average  
of savings to each depositor of but  
\$171.56 compared with \$468.16 for li-  
cense New Hampshire and \$544.92  
for license Rhode Island. North Car-  
olina has 75 divorces per 100,000 of  
population compared with 43 for li-  
cense Delaware and 46 for license New  
Jersey and New York.—Attleboro Sun.

WELL, MAINE OUGHT TO KNOW.  
From Maine comes word that the  
report that South Carolina has gone  
dry proves to have been an error. The  
state has merely voted for prohibition.

## The Strong Withstand the Heat of Summer Better Than the Weak

Old people who are feeble, and younger  
people who are weak, will be strengthened  
and enabled to go through the depress-  
ing heat of summer by taking regularly  
Grove's Tasteless Chill Tonic. It purifies  
and enriches the blood and builds up  
the whole system. 50c.

acts effectively and does not grip nor  
disturb stomach. At the same time, it aids  
digestion, arouses the liver and secretions  
and restores the healthy functions. 50c.

## Good Eye-sight

is essential to health,  
comfort and appear-  
ance. Have you ever  
noticed a strained look on your face?  
Usually this comes from eye-strain.  
More wrinkles are caused by eye-strain  
than by old age. Headaches caused  
by eye-strain cannot be cured by medi-  
cine, it depends upon optical skill of  
the optometrist who prescribes the  
glasses. Having had 16 years' expe-  
rience in Medina County assures you of  
satisfaction.

## Made My Life Worth Living

"I feel it my duty to tell others what  
Chamberlain's Tablets have done for  
me," writes Mrs. L. Dunlap, of Oak  
Grove, Mich. "I have  
suffered with pains in  
my back and under  
my shoulder blade for  
a number of years,  
also with a poor ap-  
petite and constipation.  
I tried all of the reme-  
dies that I heard of,  
and a number of doc-  
tors, but got no relief.  
Finally a friend told  
me to try Chamber-  
lain's Stomach and  
Liver Tablets. I got  
a bottle and used  
them soon and my  
stomach and bow-  
els became more reg-  
ular. Today I feel like  
praising them to all  
who suffer as I did, for  
they have cured me and made my life  
worth living."

When one of our men was badly injured by the threshing machine we telephoned the doctor, who told us how to patch the man up. The doctor then started for our place in a hurry. When he arrived the man was pretty weak, and without the doctor's advice the results might have proved serious. Thanks to the telephone, the man pulled through.

Simon Garcia, a Mexican, aged 18 years, was killed by lightning at about 5:00 o'clock last Friday afternoon while hoeing milo maize on the farm of F. A. Brown, near Elstone. Another Mexican, working near Garcia at the time was knocked down and severely stunned by the same bolt, but soon revived. The bolt struck Garcia on the head, tearing his hat to pieces, and passing down his body destroyed the shoe on one of his feet. The body was brought to town and interred in the cemetery here the following day. This is the first fatality so far as we know occurring in this county from lightning this year, although five Mexicans were severely stunned in the vicinity of Yancey a couple of weeks ago.

THE FARM AND SMALL TOWN FURNISH BEST MATERIAL FOR BIG LEAGUE TIMBER.

Looking over the roster of the big league ball teams you will find name after name of men who only recently were boys on the farm or in the village or small town. On the other hand, surprisingly few hail from the big cities. And yet, this is not so surprising after all. Even laying aside our knowledge of the big part that the so-called country boy has always played in the great affairs of business and the nation, the country is the place to lay the foundation necessary for athletes.

The photographs shown are, familiar to all lovers of the great National game. In addition to their being representatives of their type in the baseball world, all of these stalwart athletes are great endorers of that beverage you know and like so well—Coca-Cola.

Short History of the Players.

JONES, Heider Alben, Manager of St. Louis Browns. Born August 13, 1871, at Shingle House, Pa. Last season he came within one-half game of winning Federal League pennant, finishing nearer the top than any team in major leagues since the Browns in 1915.

He says Coca-Cola is his favorite beverage.

ALEXANDER, Grover Cleveland, Pitcher Philadelphia Nationals. Born in St. Paul, Nebraska, February 26, 1887, and lives on a farm there now.

Alexander is one of the greatest pitchers in the game today, being practically responsible for the Philadelphia National League team winning the pennant last year. Drafted by 1916 baseball in August, 1910, with whom he has since played. He warmly endorses Coca-Cola as a drink for athletes.

DOYLE, Lawrence, Captain New York National League Club. Born at Caseyville, Ill., July 31, 1886. Second baseman.

He has played with the New York Nationals since 1907, and was appointed Captain in 1912, which position he has since held with them. Leading hitter of the National League for the season of 1915. Like all the best of them he is a staunch believer in Coca-Cola.

There is, by the way, a wonderful similarity between the origin of these ball players and that of the beverage which they endorse. Coca-Cola might be called an agricultural drink, both from the materials it is made of and because of its great popularity in the country as well as in the city. For Coca-Cola, if ever there was a natural, wholesome beverage, is such—it itself is a gift from Nature. Made from Nature's pure water, flavored with the juices of fine fruits and things that grow and sweetened with Nature's purest, finest sugar—and please particularly remember this last—Coca-Cola contains no artificial sweetening matter but just the best of pure cane sugar. It is this fine combination that gives Coca-Cola its deliciousness of flavor, its distinctively refreshing and thirst-quenching qualities and great wholesomeness. That's why ball players, athletes, fans—all classes and kinds of men and women drink and endorse Coca-Cola. Drink a glass or a bottle and you will be just as enthusiastic about it.

Upon permanent organization Joe Fohn was elected county chairman, and J. W. Fullerton, secretary.

### Beware of Ointments for Catarrh that Contain Mercury

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

Geo. W. Brown, H. C. Heilig, J. B. Lutz, Henry Batot and Joe Fohn were elected delegates to the Republican State Convention which will convene in San Antonio August 8, 1916.

The chairman was empowered by the convention to appoint a county executive committee.

Upon invitation Rev. J. T. Moore addressed the convention in an able talk on political issues and leading questions before the people, which was well received and greatly appreciated by all present.

There being no further business the convention adjourned.

### A Woman's Kindly Act.

Mrs. G. H. Eveland, Duncan Mills, Ill., writes: "I was stricken with lumbago, unable to turn in bed. A neighbor brought Foley Kidney Pills. She had been similarly affected and they cured her. I was cured by three bottles." If the kidneys do not function, lumbago, rheumatism, aches, pains, are apt to result. Sold everywhere, and in Hondo by W. H. Windrow.

### A Summer Laxative and Liver Regulator.

Po-Do-Lax is a liquid laxative—mild and effective. It arouses the liver, increases the bile, does not gripe and acts as a general tonic to the whole system. Aids nature to clear and purify the blood—as a laxative tonic for summer. Po-Do-Lax has no equal. What was "good enough for father is good enough for me" never applied with more force than the use of Po-Do-Lax for the liver. An old time tried remedy. Get a bottle, take a dose tonight and see how much better you feel. At all druggists.

Some folks get so high in the world that they can't do the things they want to do—while we poor scrubs have to do the things we don't want to do.

### A Doctor's Remedy for Coughs.

As a cure for coughs and colds Dr. Bell's Pine-Tar-Honey combines these remedies in just the right proportion to do the most good for summer coughs or colds. A trial will prove the value of this splendid cough medicine. Dr. Bell's Pine-Tar-Honey soothes the irritation, stops your cough, kills the cold germs and does you a world of good. A 25c. bottle will more than convince—it will stop your cough. At druggists.

No matter how uncomfortable the styles, a woman wouldn't be comfortable in something whose only recommendation was its comfort.

## BACKACHE AND RHEUMATISM.

Dear Mr. Editor:  
"For the benefit of others, I gladly give this statement regarding the merits of Dr. Pierce's Anuric Tablets. I am nearly 76 years of age. I suffered from backache, weak back, rheumatism, and could not control the excretion of the kidneys. I can safely say that 'Anuric,' the new discovery of Dr. Pierce, Buffalo, N. Y., has done me more real good than anything I have ever taken for these ailments."  
Mrs. N. M. FLINT,  
Dawson, Texas.

Note—"Anuric" prolongs life because old people usually suffer from hardening and thickening of walls of arteries, due to the excess of uric acid in blood.

Dr. Pierce, Buffalo, N. Y., has been testing this medicine. The relief obtained by sufferers has been so satisfactory that he has placed "Anuric" with the druggists in town. If not obtainable, send 10 cents to Dr. Pierce for large trial package, or 50 cents for full treatment.

Chicago's amazing divorce statistics are made the subject of a most profitable and interesting article in the "Chicago Sunday Herald," written by Bert Lennon.

This article is based on an interview with Patrick J. J. McCarthy, originator of the "Trial Engagement" plan to curb the rapidly increasing number of divorces in Chicago. Mr. McCarthy is marital statistician for Cook county—the only office of its kind in the country. In the official statistics which he presents, it will be seen that habitual drunkenness is placed last among the leading causes for legal separation.

In view of the fact that Chicago is the first city to secure the services of a marital statistician the statistics and information presented as the result of wide experience and careful study on the part of Mr. McCarthy is certain to prove of pertinent and profitable interest to each and every citizen of the country.

Part of the "Chicago Sunday Herald" story follows:

**7,000 Marital Derelicts.**  
If Mr. Chicago and Miss Dearborn would steer clear of the shoals of matrimony, avoiding shipwreck on the rocks of divorce, they should heed the nautical advice of that weather-beaten "old" salt, Patrick J. J. McCarthy. After more than a year's cruise in the waters of dissension, during which he saw 7,000 marital derelicts, the pilot of the good ship Cook County believes that a radical navigation law should be enacted.

P. J. J. McC. is our divorce statistician—the official keeper of the "Who's Who and Why" records of inharmonious domesticity. Turning to a loose-leaf ledger he can tell you the number of and the reason for every family split-up since he took office, and then, leaning back in his comfortable armchair, he can give you a great deal more information (his own deductions).

**New "Navigation" Law.**  
"My 'navigation law' is nothing more or less than a trial engagement," said Mr. McCarthy. "In my opinion it would make smoother sailing for the newlyweds and cut the number of divorces granted yearly in Cook county almost in half."

**Let me illustrate:** John is in love with Mary and Mary is in love with John. They keep company for a while, and then some evening John pops the age-old question, "Will you be mine?" Mary blushes and answers,

"This is so sudden, or something to that effect. On recovering her breath she lays her head coyly on John's shoulders and whispers, 'Yes.' They are engaged."

"In nine cases out of ten John doesn't know whether Mary can boil water without burning it—and doesn't care. In a like number of cases Mary doesn't know if John is earning enough money to buy the water—and it doesn't seem to worry her. They love each other—that is sufficient. Mary can learn to cook in time and John's boss will raise his salary in time. So why worry?"

**Startling Divorce Statistics.**  
"The records show that in 1914 33,897 marriage licenses were issued in Cook county. A total of 5,121 divorce, separate maintenance and annulment suits were filed, and a total of 3,614 decrees were granted in the same period. The ratio of suits filed to marriage licenses issued was about 1 to 6, and the ratio of suits disposed of by decree was approximately 1 to 9 for every 9 licenses issued. Taking the figure 5,121 for the number of separations, we had 1 for every 497 inhabitant of the City of Chicago, and 1 decree for every 705 inhabitants."

"When John and Mary decide that they love each other sufficiently to think of marriage they should agree upon a 'trial engagement.' John should go to his folks and say: 'Mary will live with us for a week. She wants to see what kind of a fellow I am around the house.'"

**Home-Ownng Advised.**  
"I might advise young married couples to strive to acquire a home of their own. It seems more conducive to domestic happiness than a flat or apartment. The couples who owned their own homes out of the total of 3,614 decrees in 1914 were 78, of which 4 were concerned in separate maintenance cases and the remainder, 69, in divorce cases."

**Where Whole Trouble Lies.**  
"The whole trouble lies in the fact that young couples who contemplate matrimony do not figure on the responsibilities involved in forming a life partnership; they are not prepared to make the sacrifices necessary to marital happiness, and seem prone to rear small families, if any at all. My statistics show that of the 3,614 decrees granted in 1914 the couples without children involved were 2,302."

Mr. McCarthy gives 25 years as the average age of Chicago divorcees.

# CAP and BELLS

## KIND AND CONSIDERATE MICE

Ate Cheese Intended for Welsh Rabbit Party, Thereby Preventing Many Cases of Dyspepsia.

"Yep," said Mr. Growcher, "nothing was made in vain. Everything that earth produces may serve some useful purpose, if you can only find out what it is. There is a whole lot to think about in that story of the mouse who gnawed the net for the captured lion."

"Mebbe there is," replied his wife. "But I'm willing to bet that was the only kind and considerate mouse known to the entire animal kingdom."

"You are wrong. Have you forgotten that Welsh rabbit party we attended last night?"

"Yes. But there wasn't any Welsh rabbit?"

"And as a result we are all comfortable and happy today instead of being miserable and dyspeptic. And we owe it all to the fact that a few kind-hearted mice sneaked around during the afternoon and ate up the cheese."

## VERY TRUE.

Edith—Say, papa, what is an optimist?

Her Father—An optimist, my dear, is a man who can make himself believe some things are true when he really knows there is no truth in them.

## Two Viewpoints.

"I have found in my practice that men bear pain much more heroically than women, the prevailing idea to the contrary notwithstanding."

"Nonsense! My experience absolutely proves that women endure agony more stoically!"

"Sir, I am a physician!"

"Well, I am a shoe dealer!"

## Gets Everything He Wants.

"Your son 'Emmy' be gettin' long line in the city, I 'ear."

"Yus, so'e do," answered the mother, proudly. "But you 'ave't 'eard the latest. Why, in 'is last letter 'e was tellin' me 'ow 'e'd just got the gout. There's nothin' that boy o' mine won't 'ave if 'e wants it!"—London Telegram.

## A Friendly Suggestion.

"Have you been reading my new story in the magazines?"

"Yep."

"My publishers propose to have a guessing contest as to how the story ends."

"That idea has been used quite a bit. I would suggest a guessing contest as to what the yarn is all about."

## His Little Joke.

"Does your supply of duds exceed the demand?" asked the insurance solicitor.

"Just what do you mean?" queried the real estate man.

"Well, I see you have a sign displayed, 'Flats to Let,' answered the i. s.

## Taking No Chances.

"Lemme get those umbrellas hidden before you let them in!" Binks hastily moved toward the door in response to the bell.

"Do you think our guests will steal umbrellas?" Mrs. Binks demanded contemptuously.

"Maybe not—but they might recognize 'em!" Binks replied.—Judge.

## No Beauty.

"I want to see your beauty editor," said the caller at the sanctum of a popular magazine.

"Are you following her advice?"

"I am."

"Got confidence in it?"

"I have."

"Then you don't want to see her."

Kill the tick — you'll never make the money you should out of your cattle until the last tick's gone. Begin tick eradication now, and start right by spraying or dipping with the standard "tick-killer."

**COOPER'S CATTLE DIP**  
The proven dip of uniform strength and quality recognized and used by 17 governments in their tick eradication work. It kills all the ticks — saturates every part of the skin — does not scald or blister. Mixes readily with cold water. Much more economical than home-made dips. Write for special circular.

## To School Trustees.

HONDO, TEXAS, July 19, 1916.

To the Trustees of the Various School Districts of Medina County, Texas:

Much has been accomplished in the past few years in improving the organization and administration of the schools of Medina county. Their classification by the County Board has brought about conditions which make it possible to bring about effective school work. Consolidation has been effected in several instances, thereby giving the pupils of such communities higher school privileges; other districts have voted the local maintenance tax so essentially necessary to promote the welfare of boys and girls of these various rural districts.

Every trustee, and patron of the various districts of the county should be vitally interested in the boys and girls of the county, and should co-operate with the County Board and County Superintendent in working out the best plans for the best interests of the children so they may be prepared to cope with the complex problems of life.

In compliance with the law, the regular annual meeting of the district trustees of the county is called to meet at Hondo, Texas, at the court house, August 7, 2:00 p. m., to discuss questions, to-wit:

1. The making of desirable changes in school district lines.
2. Rural High Schools.
3. Classification.
4. Course of Study.
5. Teaching School Subjects.
6. Conduct of Schools.
7. Maintenance.
8. Discipline of School.
9. Best Means of Extending School Term.

10. Compulsory Education—the Mexican Child.  
And such other matters as may be properly brought before the meeting. The secret of the success of the meeting will depend entirely upon the interest displayed by every trustee. Every trustee should therefore avail himself of the opportunity and attend the meeting and enter into the round table discussions.

Very respectfully,

W. N. SAATHOFF,  
County Superintendent of Medina County, Texas.

## In Memoriam.

In memory of little Alice Wilhelmina Schulte, who died July 10th, 1916, at the home of her parents, Mr. and Mrs. Frank Schulte, at New Fountain, Texas, at the age of 7 months and 10 days:

Another little lamb has gone,  
To dwell with him who gave,  
Another little darling babe  
Is sheltered in the grave.  
God needed one more angel child  
Amidst His shining band,  
And so He bent with loving smile,  
And clasped little Alice's hand.  
ONE WHO LOVED HER.
